AWS(Amplify, S3, Dynamodb etc)

Javascript

Angular

Node JS

Firebase

Microsoft office

PERSONAL DETAILS

Marital Status : Single

Nationality : South African

INTERESTS

Surfing through internet

Programming/ Coding

OBJECTIVE

I regard myself as a person who is fascinated by challenges in all sorts of way, work or life, that is merely based on my belief that evolving and adapting to challenges is the whole concept of being competitive and that is what i want to bring to the workplace. With the less experience that i have only means i have more room for improvement especially in programming languages, I have taught myself a few and am willing to learn and be productive as a software developer.

EXPERIENCE

ICEP

1-DEC-2020 - 1-JUN-2021

Software Developer

My duties was to create web applications using Angular for frontend, NodeJS and Express for backend.

MLAP(Codetribе)

June 2021 - March 2022

Software developer

My duties was to create web and mobile applications using using React.JS, React Native for frontend, AWS(Amplify, S3, dynamodb etc) and firebase for backend.
